

Well CARE FOR KIDS

On Sunday, October 11th, from 1:00 p.m. to 5:00 p.m., the Well Church will be holding a free community event called, "Well Care for Kids". The goal of the event is to increase and promote child safety in our community.

The Well Care for Kids event is a collaborative effort with local businesses donating their own time, materials, and volunteers to provide interactive booths and exhibits that capture the attention of parents and children alike.

In addition to hosting the event, the Well will be offering food, drinks, and fun attractions intended to further bring out the fun and learning about child safety.
